Online Library Catalog

Go to each school's homepage and click on the link to the school's library catalog. Students can use this link to find out if their school has a book they are interested in checking out. If a book is not available at their school, students may ask the school's library assistant to order the book. Instructions for how to use the Rolling Prairie Library Catalog are available just below the link.

All District #27 Schools

Currently, computers at all schools use a Windows XP operating system. Students learn how to set up documents using Microsoft products—Word, PowerPoint and Publisher. The current license is Microsoft 2000 or 2003. It is the district's intention to upgrade to Microsoft Office 2007 in the future. If you do not have Microsoft Office at home, you can download a free office compatible program called Open Office at openoffice.org.

Elementary Schools

Students at elementary schools are taught basic hand position necessary for later keyboarding instruction.

Lincoln Jr. High School

Formal keyboarding instruction begins in 6th grade and is continued through 8th grade. 6th graders are first taught keyboarding using the All the Right Type program. An emphasis is placed on teaching students to learn how to use all Office products all three years at LJHS.
